De-Humidifier & Fan Lease Addendum Policy FR Family Units

I understand and agree that during the time period of April 1st through October 31st; I must keep the dehumidifier connected and on at all time and also utilize the ceiling fans (if applicable), to facilitate proper air flow thru the apartment.

I also understand I will receive a monthly rental concession in the amount of \$10 monthly during those months to assist with associated costs.

I further understand that management will inspect the dehumidifiers at the start of the season and as needed upon written notice.
